

Board Nominations

Deborah Lane - NSW

Greetings,

As a New South Wales member for the SCA I would like to be considered for appointment to the board.

I have been playing with the SCA for 31 years. In that time I have held various offices:

- . Politar chopalis-
 - . Arts and Sciences Minister
 - . Seneschal
- . Borderscros-
 - . Arts and Sciences Minister
 - . Chirurgeon

Additionally, I have run feasts and public facing displays over the years both with the SCA and our metal weapons cousins, which has given me a greater picture of re-enactment.

I'm now retired and have more time on my hands to devote to other levels of the SCA.

My professional credentials include:

- . Conservator
- . Small business owner
- . Army Warrent Officer

My formal education:

- . Batchelor of Arts, Art History and Curatorship
- . Batchelor of Arts, Cultural Heritage
- . Batchelor of Arts, Materials Conservation.

Additionally, I am a mother and grandmother. I also have a disability.

I believe that I can bring a wealth of knowledge from my lifetime of experience. I represent a large part of society in general but particularly older members, and those with families, neuodiversity, chronic health issues and disabilities.

I would like the opportunity to help proactively shape the SCA into the future, and believe I have the skills and experience to do so.

Thank you for your consideration.

Yours sincerely,
Deborah Lane

David Potter – NSW (note: this has been taken from a working resumé and will in places be generalised to remove personal information)

Has mundanely held various positions on multiple boards, as both a general member and in the position of treasurer. Within the SCA David has done the following:

Rowany Captain of Archers Current

Taught and called relevant dancers at

- Five Australian National Folk Festival
- Twice a year at Balls for past 15 years
- Twice monthly workshops

Six months with English Civil War Society 1994

Silver Rondel awarded approx. 1992

Industry Knowledge

Financial Services and Banking Industry.

I have a very strong background in the financial services and banking industry.

My recent projects at CBA have had significant focus on upgrading strategic banking applications in the broad area of international payments. At previous employers I having built and/or supported critical applications for six major banks in Australia, the two clearing houses and seven major banks in Singapore and 2 major banks in Thailand. In addition I have designed payment systems for a number of other financial institutions and corporations.

This background has given me extensive knowledge of the payments business needs and processes, project management skills and the technical competencies required to deliver solutions in Australia and South East Asia.

Superannuation and Wealth management

I have a strong background in the changing needs of the superannuation and wealth management industry in Australia both from my work in the area with Clear2Pay and with InfoComp.

Electronic Health Industry.

I have a strong knowledge of the requirements for the processing and delivery of electronic health information between medical practitioners, government institutions and health funds.

Current Skills

I have extensive experience in all stages of the architecting and building of complex solutions, including the requirements gathering and the integration of components from all vendors.

I am able to manage teams in local and remote locations and have had particular success with teams located in Singapore and Bangkok.

My skills in complex problem solving, particularly those involving delivered solutions and components supplied by other vendors (including communication, security and data base components) have led to additional business opportunities for my previous employer, Clear2Pay, due to specific requests from customers for my expertise in this area.

Amanda L'Estrelle – WA (note: this has been condensed from a larger document)

Other Achievements:

2010: Arobryn of Abertridwr

The Arobryn is the A&S Champion of Abertridwr. The Arobryn must to be able to demonstrate skills in a variety of different areas in the arts and sciences. It is therefore not enough to simply excel at one type of skill but to demonstrate excellence across at least 3 separate areas. I entered a cornucopia made from pastry, a painted pavise and an Italian style gown.

2014: Aneala Baronial Arts and Sciences Champion

This championship is held over the period of 12 months, and artisans must have enetered a mimimum of 3 pieces over that period to be considered.

2014: Kingdom of Lochac Arts and Sciences Champion

The Arts and Sciences Champion of Lochac is the gentle with the highest accumulated score over a year of Kingdom A&S Competitions from May Crown to Twelfth Night.

2022: Aneala Baronial Arts and Sciences Champion

as before.
